Attachments: Chemours_GenX_sampling request2_4_13_18_draft.docx

There may be some additional comments coming from a couple of other places, so the letter may change a bit. I'm not expecting much, but you never know. The version we have now is attached.

Any word from HQ on getting the data posted from round 1 of sampling?

Also, do you have any particular names to whom you will send this draft letter? R5 all of the sudden is demanding to know who is going to review it.

Thanks,

Rick

Can you share the letter with me and I'll make sure the comms people in both OECA and OW and OPA have the letter?

Thanks.

Subject: HQ review of Chemours letter

Joan,

Region 5 was asking who in HQ will get a draft of the letter to Chemours requesting they collect another round of samples for GenX. I told them I didn't know who get its and where it goes when you send it to, I think, OPA. They didn't ask the first time.

Can you supply any information as to where it goes in HQ when you send it down? Thanks.

I sent it to OECA on Friday and I am waiting to hear back from Andy Duchovney in ORC as to whether it should to go OGC for a review before it gets signed. As soon as I hear back from them, I'll let you know. We have our current version ready to go (includes R5 input).

Thanks,

Rick
